## Global Need of Psycho-Oncologist to Enhance the Quality of Life

In the global fight against cancer, the need for psycho-oncologists is beyond the medical treatments, they tend to the emotional wounds, offering solace to patients and their families as they navigate fear, grief, and uncertainty. Psycho-oncologists weave compassion with expertise, nurturing the spirit as much as the mind, ensuring that healing goes deeper than the physical. As cancer rates rise, their role becomes ever more essential, guiding patients through the emotional storms of illness with strength and empathy, to Improve Quality of Life or Dignified Death.

# TEXAS SCHOOL OF MENTAL HEALTH

WORKING TOWARDS MENTAL FITNESS

Texas School of Mental Health (TSMH) is formed in the year 2019 with the objective of Working Towards Mental Fitness. TSMH is presently working globally with its presence in USA, Netherlands, UAE & in India.

## Finishing School

TSMH offers Finishing School Programs in the specialised fields of Oncology, Obesity, Pregnancy, and Screen De-Addiction through PG Diploma and Certification Programs. The institution boasts a team of expert faculty members from Psychology, Psychiatry, and various academic and subject specialties. With state-of-the-art infrastructure and in-house developed, cutting-edge technology, TSMH provides blended academic programs. TSMH is accredited by the international CPD.

## Center for Psycho-Oncology

TSMH offers counseling and therapeutic services to individuals and families through its innovative Center for Mental Fitness. In 2023, TSMH launched the world's first independent Center for Psycho-Oncology in Pune, India, providing psycho-oncology services to cancer patients, their families, social volunteers, and healthcare professionals.

## Corporate Mental Health Policy

TSMH partners with corporations to offer its Corporate Mental Health Policy, aligning it with existing corporate health policies. This initiative brings significant positive changes to the overall functioning of organizations, boosting employee well-being and enhancing overall productivity.

## C Positive

TSMH has initiated an innovative drive of creating convenience and comfort to the cancer patients through a thought, C Positive. Let's be C positive!
